And this one box with extra straps can be found in the database over here:

Still on the lookout for the real box :d

I am not sure it is the same family. That box is brown like al the service boxes.

Nice to see the selingers ad. But this shows Gruen wrist watch in the lid. And suspect to be brown like the service boxes. Mine is clearly stamped wristlet in the lid and outside. And the color is also different. That made me believe it is an earlier box. No prove... I know.
