Jenneke,

I do not think that you will find a name for this watch. 14 diamonds and gold filled does not go together well. I think that the diamond setting was added later by a jeweler on demand. I have a couple of watches which were treated that way.

May be I am wrong, but I could not find such a watch in any publication.

In my eyes this makes the watch even more worthy, it should be one of a kind.

I like it a lot!
