That'd be great, what year was your bracelet catalog published?

It's probably by A & Z. I think. There is definitely no name marked, that's why I had it taken apart, but there is a patent that comes back to a Dalo but assigned to A & Z Chain out of Rhode Island. Began business in 1905, still around in some form. I know I have 5 or 6 other Gruens with A & Z marked chains & I see them all the time on Gruens too, ones that look to be convincingly original.

Thanks.
