Here is one that will be going with me to the senior facility, a Panerai homage...No issues reading this dial!

A while back, I was fascinated with the Panerai 3646 and got one just like that.

Unfortunately, I couldn't leave well enough alone and broke one of the lugs off while trying to tweak it a few years ago and haven't gotten around to getting a new case for it. I keep meaning to get it back up and running because it would be a good fit for my 15 year old daughter who is going through a Goth/punk phase. I'd have to find a spikey band for it.
