I like it too! The black pops out. And nickel case still ok. Pondering if I am going to try remove the radium.

I didnt have the time to do a visual check, but thanx you confirmed it is a 110.

And I see I forgot to take a closer look at the movement cal. :? I have a 705 stem but not a 885. Ah well, next hunt started. I think it is a runner.
