I thought for a second I was going to get to be the smart one and tell you all it was a cal. 315, not an 885. But I would have been wrong. This is the first time I think I've ever seen the little engraved flourishes on the balance cock of an 885. Usually that's my quick and easy way to spot a 315. I guess I'll have to think twice from now on.
