The years I've seen this model are 1950 and 1951.

The one Jack mentioned, from "The 1950's" is shown as a date of 1950 and 1950, from the newspaper

Another is the Gruen company ad dated 1951

New to the categorization thing. Does the 1950 1951 dates mean the topic moves to another forum?
