Subject: Re: Sub seconds hand wanted for Gruen 415CA Posted by Gary on Tue, 29 Apr 2025 21:20:44 GMT View Forum Message <> Reply to Message

Only lead I could find is the 415CA shares the same escape wheel as the 415. Which most likely means you use any sub-second hand from a 415. Reference Gruen 1970's Material Catalog. Although the 415 hand might be shorter in length.
