Subject: Quadron 157 8W crystal Posted by Jenneke on Fri, 20 Jun 2014 20:28:51 GMT View Forum Message <> Reply to Message

My green Gruen needs a new crystal to look right. I can find it in the Gruen's crystal chart in Mike's Green book but ordering it from the factory is a difficult step.

How can I translate this information to a crystal I can look for?
