GaryM wrote on Fri, 25 August 2017 15:54What brand is that band? International Watchman. "Premium Pig Skin 1940's" is the style. Most of the sizes no longer have the white stitching, but they still have the squared off stitched ends for the right vintage look. I wish more makers offered this style of stitching. About the only other straps I see in this style are the gigantic sports staps, 24-26mm, thicker than most of my watches.
