Barney Green wrote on Sun, 18 November 2018 10:51Hi Matthias,

yes, this is the 50s Curvex Marshall. Gruen reused the name at least two times after the initial model in the 30s. This particular model was at least built from 1950 to 1955.

Barney

I see, interesting. It seems the different Marshall' s all have the four large posts in the corners as a design theme.
