Hi,

Anybody have a sweep second driving wheel for Cal. 870-871 (13")that I could buy?

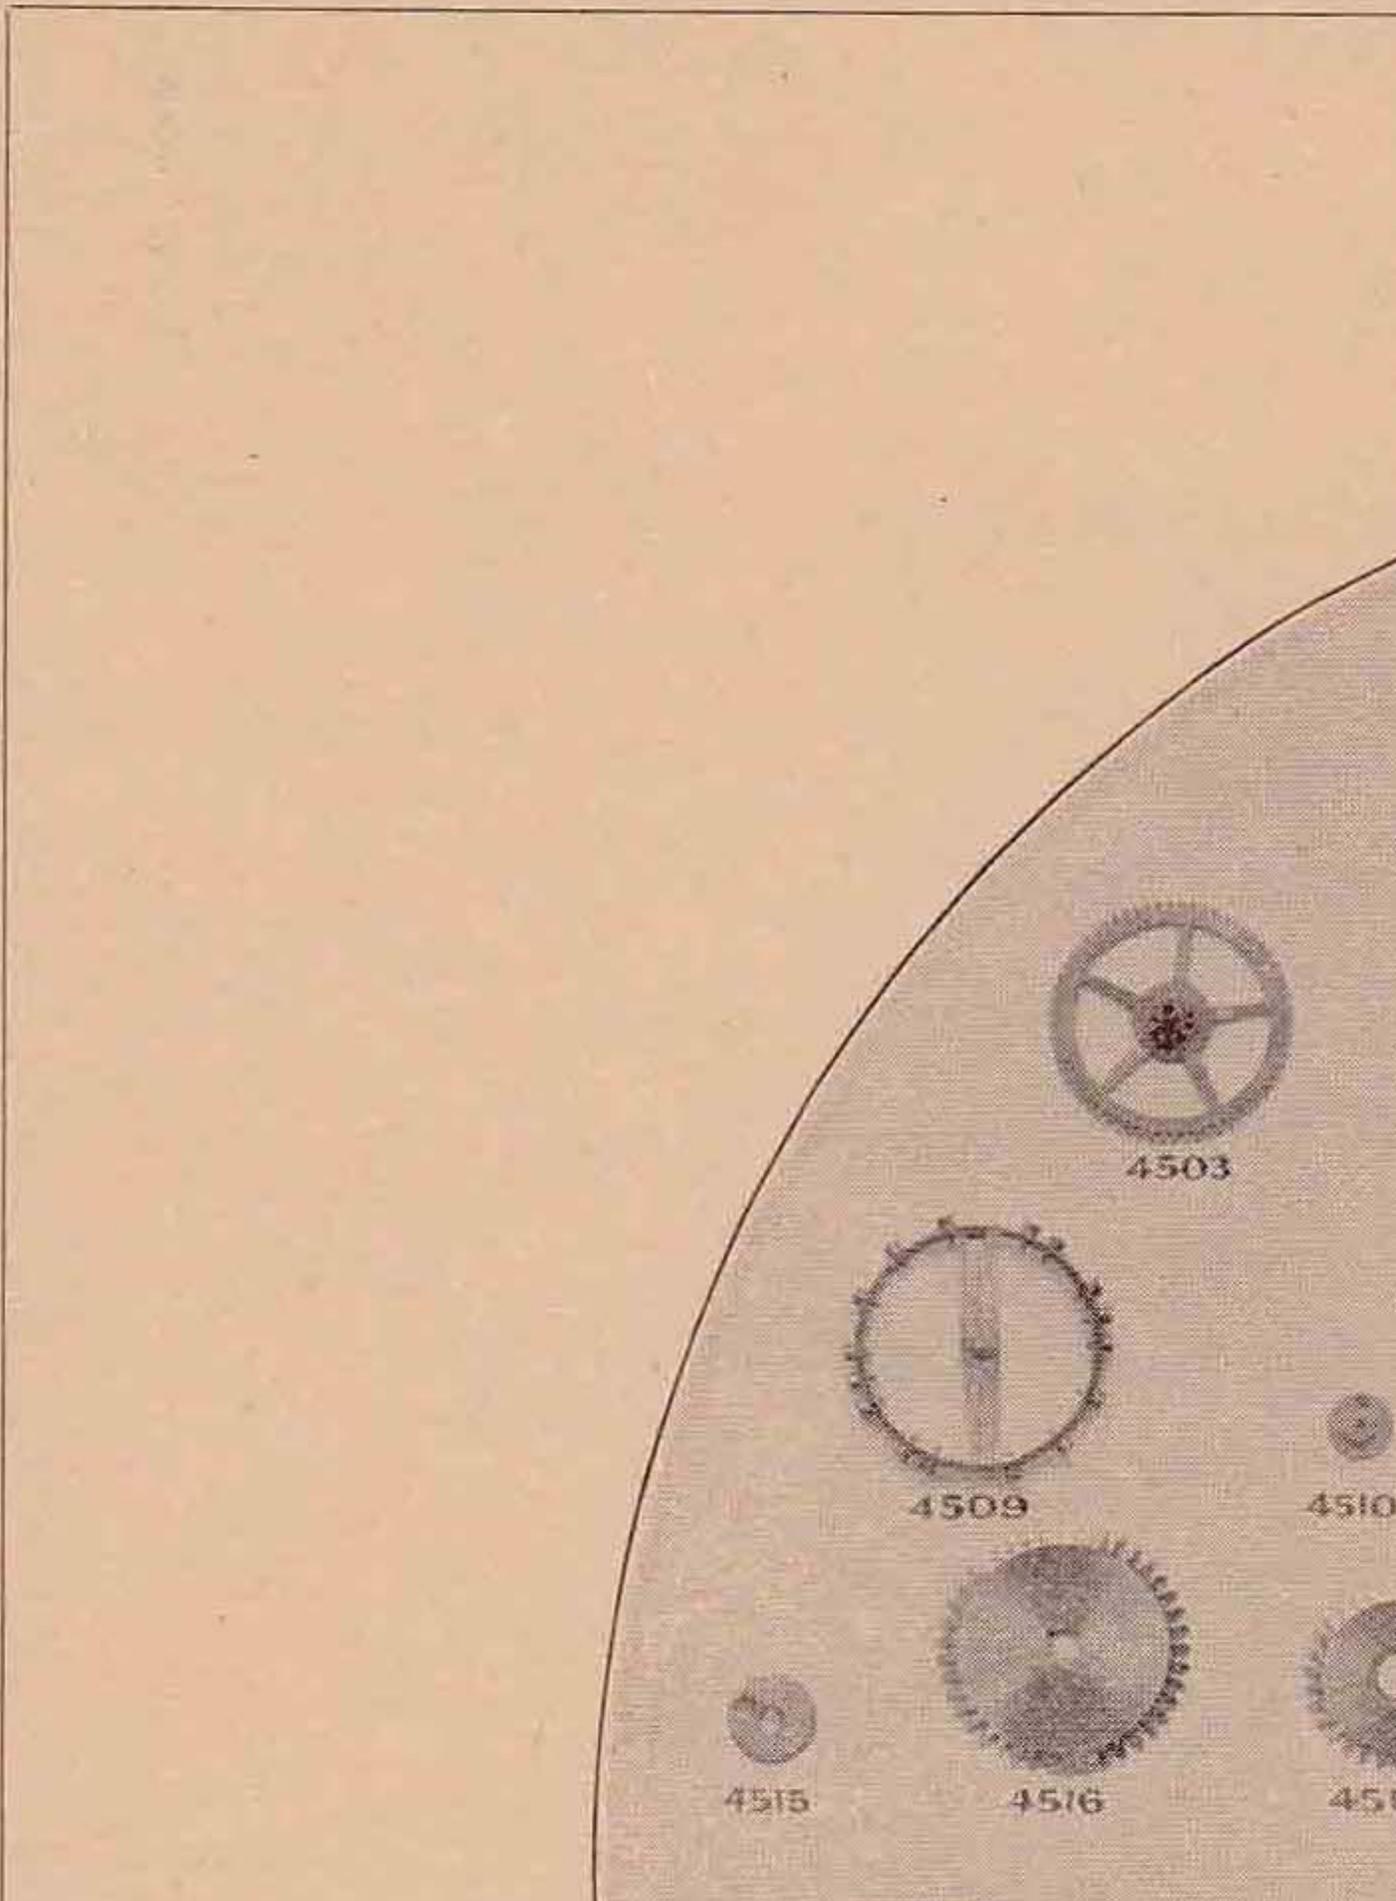

Thanks.

Friendly regards

P.S. Or a parts movement that includes the driving wheel?

I never even knew that these were produced in a sweep seconds variant. They must be pretty rare. Good luck.

Here's an 806. It's 10 1/2 ligne, so I'm guessing it won't work, but I don't really know.
