Here are some color schemes that I put together using FUDstyler. You can find it on the Wiki. Pan Am Brown and Gruen Green.

Can i suggest that the colours (colors to those south of da border) be contrasting rather than close? ie: no red/brown or green/brown or blue/purple. I'm a little bit colour blind and have difficulty separating those combinations.

I like the green combo also.

I added a green template. Go to your account settings:

Control Panel-> Account Settings -> Theme

Change to "green"

Update!
