Green=great! Search maybe a bit darker red?

Brown is a bit baby pooh.

Can i suggest that the colours (colors to those south of da border) be contrasting rather than
close? ie: no red/brown or green/brown or blue/purple.   I'm a little bit colour blind and have
difficulty separating those combinations.

I like the green combo also.

I added a green template. Go to your account settings:

Control Panel-> Account Settings -> Theme

Change to "green"

Update!
