I accidentally cropped mine without saving a copy. And now Illo Tempore is gone. Has anybody got a scan of it?

I think I got it. I have a pdf. It was from some documents site, if you uploaded a document you could download another. it must be over ten years ago. I always assumed it was the illo tempore version but never checked the number.

I can check tomorrow night (european time). :)

Thank you! I downloaded mine from Illo Tempore, but when I went back to replace it, I couldn't figure out how I got past the anti-right-click defenses originally. Lacking a sense of urgency, I figured I would get it done eventually. Then it disappeared.
