Howdy fellow Gruenites,

Ok, I was fortunate enough to have been given an 826 for restoration, and restore it I will! I am looking for the following parts.

1. Need a seconds hand, shaft, screw and retainer.
2. Need a hairspring, and a main spring.
3. Will send dial off to International Dial to see what can be done.
4. Yep, been all over the Bay, but no luck. Nope, haven't contacted Dashto or others. I would like to keep my money local if at all possible. I believe in supporting ours first, then our beloved vendors

Timeticker out!
