Hello fellow Gruenites!!!!!!

And now.....for the rest of the story! First, I have a bunch of 290 parts/movements (3-4) for free that I want to pay forward,(give away) but I am more than happy to pay for a staff for a Quadron Caliber 123. Any takers??? By the way, the generous parts really come from GaryM as her gave them to me for a repair, and now I want to pay it forward.

Buenas noches mis hermanos Gruenites!

A Gruen 117 / 123 balance staff? That is (next to that missing jet) like finding a needle in a haystack...

That is what I was afraid of. I guess it goes to J&B for selection and purchase.

Ok, so went of the JB site and did not find one watch staff. Is this because of different sites, or???????? Can you give me an item number where you found this, or an accurate website? JB is a bit confusing!!!
